Assistant Secretary William C. Anderson  
Installations, Environment and Logistics – SAF/IE  
1665 Air Force Pentagon  
Washington, DC 20330-1665

Dear Secretary Anderson,

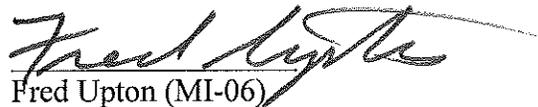

We are writing to respectfully ask that the Battle Creek Air National Guard Base located in Battle Creek, Michigan be named a host location for an Air Force Cyber Command unit.

Battle Creek is the ideal location for the Cyber Command as the base boasts excellent facilities, a secure location, a well-trained and technologically skilled workforce, and a top notch community that is always ready to partner with a new or existing employer. As you know, Michigan has one of the country's weakest state economies, and bringing the Cyber Command to Battle Creek will assist in growing Michigan's economy. Working with the community development organization Battle Creek Unlimited and similar groups will help develop and grow the Cyber Command Unit in Battle Creek.

Thank you for your consideration of our request. We look forward to working with you and the Air Force on the possibility of bringing an Air Force Cyber Command to Michigan. We encourage you to further explore the benefits of locating the Air Force Cyber Command in Battle Creek. Please feel free to contact us with any questions or concerns.

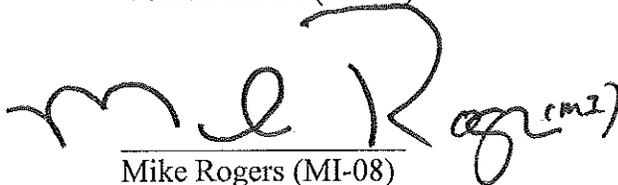

Respectfully yours,

  
Tim Walberg (MI-07)

  
Fred Upton (MI-06)

  
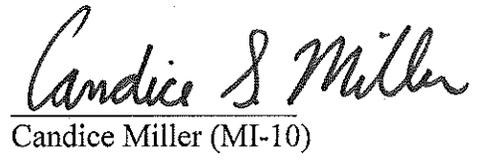

Vernon Ehlers (MI-03)

  
Peter Hoekstra (MI-02)

  
Mike Rogers (MI-08)

  
Dave Camp (MI-04)

  
Joseph Knollenberg (MI-09)

  
Candice Miller (MI-10)

  
Thaddeus McCotter (MI-11)
