# Congress of the United States

House of Representatives

Washington, DC 20515-2207

April 28, 2021

The Honorable Rosa L. DeLauro  
Chair  
Committee on Appropriations  
H-305 The Capitol  
Washington, DC 20515

The Honorable Kay Granger  
Ranking Member  
Committee on Appropriations  
1016 Longworth House Office Building  
Washington, DC 20515

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the Clinton Septic Waste Treatment Project in fiscal year 2022.

The entity to receive funding for this project is the Village of Clinton, located at 402 Bartlett Street, Clinton, MI 49236.

The funding would be used to provide capacity at the Village of Clinton, Michigan wastewater treatment plant to accept, screen, treat and dispose of septic waste from licensed haulers. Creating the capacity for the wastewater treatment plant to receive this waste would save 28,000 miles of trucking costs, allow the surrounding townships to create a schedule for septic waste removal - extending the life of disposal fields and limit the potential for untreated septic waste discharges into the environment and groundwater.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Tim Walberg  
Member of Congress
