April 29, 2022

The Honorable Rosa L. DeLauro
Chair
Committee on Appropriations
U.S. House of Representatives
Washington, DC 20515

The Honorable Kay Granger
Ranking Member
Committee on Appropriations
U.S. House of Representatives
Washington, DC 20515

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the Waste Water Discharge Line in fiscal year 2023.

The entity to receive funding for this project is Berlin Charter Township, 8000 Swan View Dr Newport, Michigan 48166.

The funding would be used to replace the effluent forcemain and its appurtenances. The domestic wastewater treated at the township's WWTP is discharged through an approximately 12,000 lineal foot 12-inch diameter forcemain to the mouth of Swan Creek at Lake Erie. To maintain treatment plant operation, accommodate future growth of the collection system and to allow the plant to maximize the treatment capacity during peak wet weather events a new larger forcemain is being required. The investment would include new piping, as well as all appurtenances, such as isolation valves, cleanouts and air/vacuum release valves for a complete replacement of the existing effluent forcemain.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Tim Walberg
