Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the Village of North Adams Lagoon Repair and Compliance in fiscal year 2023.

The entity to receive funding for this project is the Village of North Adams, located at 129 W. Main S. North Adams, MI 49262.

The funding would be used to improve the wastewater treatment facility. In November of 2019 EGLE inspected the lagoons and concluded that the lagoon ponds require dredging, the berm surrounding the lagoons is in need of rebuilding and the valves between the ponds need to be replaced. These improvements will facilitate in clean water for the community and affordable utilities for residents and business owners which will spur economic growth.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Tim Walberg
