

Congress of the United States
House of Representatives
Washington, DC 20515-2205

March 20, 2026

The Honorable Tom Cole
Chair
Committee on Appropriations
U.S. House of Representatives
Washington, D.C. 20515

The Honorable Rosa L. DeLauro
Ranking Member
Committee on Appropriations
U.S. House of Representatives
Washington, D.C. 20515

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the Sanitary Sewer Extension Project. The entity to receive funding for this project is Erie Township, located at 2065 Erie Road, Erie MI 48133. The funding would be used to provide supplemental funding for a local sewer extension project in Erie Township that would ultimately service Erie Mason Consolidated School District.

The project is an appropriate use of taxpayer funds because this project will assist in improving the health welfare and safety of approximately 1200 students in the Erie Mason Consolidated School District which encompasses Erie Township, LaSalle Township, Bedford Township and the City of Luna Pier. This project would also benefit the Lake Erie Western Basin by providing vital sanitary sewer connections to both businesses and residential properties that currently utilize failing septic and leach systems that ultimately send harmful contaminants through the county drain system into Lake Erie.

The project has a Federal nexus because the funding provided is for purposes authorized by Title VI of the Clean Water Act, 33 U.S.C 1381 et seq.

I certify that neither I nor my immediate family have any financial interest in this project.

Sincerely,

Tim Walberg
Member of Congress
