The Honorable Rosa L. DeLauro  
Ranking Member  
Committee on Appropriations  
U.S. House of Representatives  
Washington, D.C. 20515

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the Upgraded Computer Services Project. The entity to receive funding for this project is Hillsdale Community Health Center, located at 168 South Howell Street, Hillsdale, Michigan 49242. The funding would be used to update computer services to strengthen Hillsdale Hospital's cybersecurity, improve reliability and response times for the medical records systems, and provide a stable foundation for future digital support improvements.

The project is an appropriate use of taxpayer funds because it protects critical healthcare infrastructure, strengthening cybersecurity and improving access to care in rural and medically underserved areas. The project has a federal nexus because the funding provided is for purposes authorized by the Public Health Service Act.

I certify that neither I nor my immediate family have any financial interest in this project.

Sincerely,

Tim Walberg  
Member of Congress
